## PlatypusSPOT APP

*Instructions*

**To download the app:** Locate the app store on your device, either Apple Apps (iPhone) or Google Play (Android). Search for 'PlatypusSPOT'. Click 'Download'

**Open the app:** Locate the PlatypusSPOT App on your device. The app icon looks like this.

**Getting started:** your device may ask for permission to access your location. Press 'Allow while using app'

**Set up:** to post your findings, you need to create an account by pressing the green platypus symbol.

**Create account:** This is required to post findings. To create an account without social media press on 'create account'

**Create account:** fill in your details. This includes first and last name, email address, password and agreeing to terms and conditions. Press 'submit'.

# PlatypusSPOT APP

## *Instructions*

**Upload photo:**  
Choose to either upload from your camera gallery or take a photo.

**Allow camera access:** your device may request access to its camera. Press 'OK'. Use the white button to take a photo.

**Sighting details:**  
Add details about your upload. Press 'next'.

**Location and Date:**  
Fill out the date and location. When ready, press the 'submit' button.
